

15 July 2010

Dear Resident,

Re: Charlestown Square Development Update

As part of the development of Charlestown Square, roadworks are being undertaken to improve the road network in and around the Centre.

On Friday 16 July 2010, Lincoln Street will be closed to traffic for several weeks. This will allow us to modify the traffic lights and undertake other roadworks. Local residents will be able to access the Pacific Highway via Warners Bay Road and Canberra Street from this time. Within the coming weeks, access to the Pacific Highway will also be available from Frederick Street. I have attached a plan of these changes for your information.

Some changes to Pearson Street will also occur within the coming week, which will result in there being a left turn only onto Frederick Street from Pearson Street. The attached plan outlines these changes.

I would be happy to provide additional clarification on the works if required. If you have any questions about these works or the Charlestown Square development generally, please do not hesitate to contact me on 02 4944 4300.

Yours faithfully

Peter Francis
